Sustainable Technologies

Re: Sustainable Technologies, Mounting Plate and Membrane Vacuum Form

To Whom It May Concern:

This letter is in response to an inquiry related to the installation of the Sustainable Technologies, Mounting Plate and Membrane Vacuum Form, over a Carlisle TPO roof system assembly.

As clarification, the Sustainable Technologies, Mounting Plate and Membrane Vacuum Form product in question is vacuum formed by Sustainable Technologies using TPO roof membrane supplied by Carlisle Construction Materials under the brand name of Versi-Weld which is supplied by Versico Roofing Systems.

Installation of the Sustainable Technologies, Mounting Plate and Membrane Vacuum Form product will not impact any Versico Roofing Systems issued warranty provided the installation is completed by the Versico authorized contractor that installed the initial roof system assembly.

Please note that the Sustainable Technologies, Mounting Plate and Membrane Vacuum Form product is not included as part of the Versico roof system warranty as it is not product that is manufactured by or sold as a Versico Roofing Systems component. Any leaks that result to the roof system assembly as a result of the photovoltaic overburden are not covered by the terms and conditions of any Versico warranty.

If you have any questions or require additional information, please contact our office.

Sincerely,

Adam Burzynski
TPO Product Manager
